Rehabilitation & Transformation Of Community Through Education

DNYAN-VARDHINI

DNYAN-VARDHINI

DNYAN VARDHINI is the program name where we are mainly involved in the Service Sector of Education and Health Care (Nutrition's).

Our DNYAN- VARDHINI

DNYAN-VARDHINI focuses mostly on the Education for the community of Rag pickers and Orphans. We work with the Rag Pickers Community to determine the site of Bhiwandi. As part of the activities, we provide education to children who are between the age of 8 to 17 This project primarily focuses on the Orphans and Rag-Pickers group. The objectives of this project are to educate and unite them in schools.

Success Stories

Harshad Yuraj Waghe

Project Name: BCPT (Rehabilitation of Rag Pickers Children)

Course Duration: Basic Educational Skills

Date of Enrolment: 21st June'2022 and **Date of Course Completed:** _____

Course Duration: 06 Months

Family Background:

Harshad Waghe is 10 years old boy. There are total 10 members in his family. Out of them, only two members are earning for survive the life. Both his father and mother work at a dump yard, which is dangerous for their health. Owing to his lack of hygiene, he also has a disorder called glycogen storage, which causes the stomach and liver to enlarge more than other bodily parts. When our team mobilised, he was there. We informed him, and after that he was prepared to enrol at our centre.

Transformation Story:

When he first started, Harshad didn't even know how to write. His ability to interact with people is limited. But he is eager to pick up new knowledge and abilities. By the end of the training, he had gradually acquired some fundamental knowledge, and even he had learnt how to practise cleanliness. In order to combat his sickness, our team and all the teachers offer students fresh information about the Nutritious diet. We also hope that his medical condition would improve. He has now successfully finished his training and been accepted into a government school.

Thank You !
