

NAVJEEVAN LOKVIKAS SANSTHA

Rehabilitation & Transformation Of Community Through Education

SANJIVANI

SANJIVANI

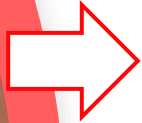

To help individuals in need live healthy lives, Navjeevan Lokvikas Sanstha works in the Health, Education and Employability Sectors. In this project, we regularly examine the health of those who are vulnerable. In this medical camp, we treat people of every age range. Pay particular attention to the women and children who work at the dumping site as Rag Pickers (Unhazardous areas) Several funders including BCPT, CCDT, Smile Foundation, Naik Foundation and Family Planning Association of India (FPAI) have helped us launch this project

SANJIVANI
